C3.8 Analytic Number Theory, Revision/Consultation Sessions, Trinity 2020

There will be four 1 hour revision/consultation sessions. These are for your benefit to get clarification on bits of the course you're unsure about. Given the current Coronavirus situation all classes will be online via Microsoft Teams.

Please email the class tutor with requests for topics to be covered **at most 4 days before the class**. Requests can ask for content of the lectures, homework sheets, past exam questions or anything else which is relevant for the course. This document will be updated about 3 days before the class describing what the class will focus on if students want to prepare in advance.

Class 1: Monday 11 May, 11am-12pm.
This will cover past exam questions related to multiplicative functions. Time allowing, we will cover 2014 Q1, 2015 Q1 and 2016 Q1.

Class 2: Friday 15 May, 4pm-5pm.
This will cover 2018 Q1, 2016 Q3 and 2016 Q2.

Class 3: Thursday 21 May, 3pm-4pm.
This will cover 2018 Q3, 2017 Q3 and 2017 Q2.

Class 4: Wednesday 27 May, 10am-11am.
This class will cover 2017 Q1, 2015 Q3 and 2014 Q3 (parts b and c).

Please see also the document *Comments for revision regarding past exam papers* for guidance on how the course has changed over the years.
