Some students have asked what the correspondence between online lectures and exercise sheets is exactly.

The online lectures are supposed to replicate the physical lectures. So in Wn, one is supposed to watch lectures 2n and 2n-1 (so lectures 1 and 2 in W1, lectures 3 and 4 in W2 etc.).

In particular, the exercise session of W3 assumes knowledge of the content of lectures 1-4, the session of W5 knowledge of lectures 1-8, the session of W7 knowledge of lectures 1-12. The session of W1 of Hilary Term assumes knowledge of the entire course.
