Title of Special Topic

Lecture Course

Candidate Number: xxxxxx

Declaration of AI Usage

You may like to base your declaration on the bullet points below, which are reproduced from the example provided in the policy for students on the use of generative AI in summatively assessed work, available from https://www.maths.ox.ac.uk/members/students/departmental-and-university-regulations. If you use AI tools in other ways, you should add extra bullet points to the list.

In creating this work, I have used AI tools for the following tasks:

- Literature search and ideation:

- Spelling and grammar:

- Improvements to writing:

- Coding:

- Plotting, formatting etc:

Abstract

Insert some waffle here if you want. Abstracts are optional for special topics but are part of page count.

1 Introduction

A Title of Appendix

Appendices are definitely not necessary and assessors are not obliged to read them so only use them for non-vital text, figures or calculations.
